

# LO Interact Lakeridge Jr. High and The Easter Egg Hunt

Report of 3.31.2018 Service Project by Ted Ricks

This is the second service project for our newly formed Lakeridge Jr. High 8<sup>th</sup> graders LO Interact Club.

It was a beautiful, unusually blue-sky day at the Lake Oswego Hunt Club where the Chamber of Commerce and Hope Community Church celebrated its 8<sup>th</sup> Annual Easter Egg Hunt Saturday, March 31<sup>st</sup>.... one day before Easter.

The Hunt Club had again generously donated their acreage to this fun-filled activity along with pony rides and a roving Easter Bunny. 5 Interact members turned up today after the club packed a bag of plastic eggs with candy inside: from left to right: Pauline Petersen, Savannah Quast, Hope Williams, Olivia Ricks, and Reagan Yates with the auctioned bunny.

Our intrepid LO Interact members had to distribute 15,000 eggs over two acres of the Hunt Club, acres marked off in four separate age group sections – “so the 8-year olds didn’t step on a 3-year-old. “

Olivia Ricks and Reagan Yates showed us the different styles of “laying eggs” for the “Hunt”. While Hope and Pauline showed how to hold signs to help the parents find the age-group sections.

At the end of the wild hunt, Pauline, Savannah, and Reagan helped with the recycling of plastic eggs for next year...what a great day and fun service to see how easy it is to make Lake Oswego children happy.
