

# LO Interact and the 2016 Christmas Baskets

Report of 12/10/16 Service Project by Ted Ricks

80 Rotarians including four LO Interactors and five Rotactors gathered on Saturday, December 10 at 9:00 AM to pack, load, and deliver Christmas baskets to 60 families with 100 children.

LO Interactors Conner Grosse, Savannah Grosse, Joel Saarinen, and Stuart Allen along with Advisor, Ted Ricks showed up at the Lake Oswego Firehouse to help with the Lake Oswego RC Christmas Baskets.

The "baskets" consisted of a box of perishables (bananas, apples, ham, onions, potatoes, oranges, and carrots), a box of non-perishables (cereal, cookies, crackers, cans of vegetables, soups, powdered milk, and fruit), and a bag holding a toy (gender specific) for each child in the family and bike helmets for all bike-age children).

Our Interactors included three drivers to deliver the two boxes and bag to a specific family address in Lake Oswego. They were Savannah, Joel, and Ted with passengers to help with the directions and Google Maps.

So, proudly and happily, these LO Interactors delivered their Holiday treat to six grateful Lake Oswego families on this day.
