Rotary Joker: John C. pulled 6 of spades, Total for the Joker is \$651.00

Speaker Program: The program was by Kate Miller from Napa Valley Transportation Authority.

To develop a transportation system that enhances the quality of life of its users, fosters community livability, and protects the unique rural and agricultural land use characteristics of the Napa region.

Here are some of the points she covered. The vision for NVTA is to ensure the development of an efficient, effective and equitable transportation system for the residents, businesses and visitors to the Napa region through a coordinated interjurisdictional decision making process.

Joint Powers Agency

At its core, the Napa Valley Transportation Authority derives its existence, authority and the scope of its activities from the Joint Powers Agreement. The JPA identifies three areas of "Purpose" and twenty-one specific duties, responsibilities and approved powers. Together these define the mission of the agency and the range of activities within which its member agencies have authorized it to engage.

Readers of the OWP will note that each work element in the book shows one or more letter and number combinations tied to this chart, indicating how the activities shown relate to the agency's JPA.

Purpose

A. Transportation Policy Development and Planning activities within an Inter-modal policy framework. Improving transit services; providing coordinated

and more competitive input to the region's transportation planning and funding.

Submit countywide transportation plan to MTC.

B. Advisory Land Use, Demographics, Environmental, Arts and Culture.

Coordination of Transportation and Land Use Management.

C. Serve as the Abandoned Vehicle Abatement Authority (AVAA).

Duties, Responsibilities and Approved Powers
