The Four Way Test

Is it the truth?

Is it fair to all concerned?

Will it build goodwill and better friendships?

Will it be beneficial to all concerned?

Special Guest Dr. David Williams

Dr. David A. Williams is currently serving as a Faculty Research Associate in the School of Earth and Space Exploration at Arizona State University. He served as a Visiting Assistant Professor at ASU in 2001-2002, in which he cotaught Physical Geology and a graduate seminar in Planetary Volcanology. David is currently performing research in volcanology and planetary geology, with a focus on

planetary mapping, geochemical, and remote sensing studies.

His research has included computer modeling of seismic wave propagation through planetary interiors, visible and near-infrared spectroscopy of the lunar surface, planetary geologic mapping of the satellites of Jupiter, computer modeling of the physical and geochemical evolution of lava flows in a variety of planetary environments, and petrologic study of lava samples from Mount St Helens.

He was involved with NASA's Magellan Mission to Venus and Galileo Mission to Jupiter, and he is currently serving as an Associate Investigator on the European Space Agency's Mars Express mission. David is currently the Second Vice Chair of the Planetary Geology Division of the Geological Society of America, has served on several NASA committees including the 2007 Jovian System Observer Science Definition Team, and is currently a steering committee member of the NASA Outer Planets Advisory Group.

September is New Generation Month

Work with the district chairs for Interact, Rotaract, and Youth Exchange to bring youth issues to the forefront. Recognize outstanding club projects benefiting youth.

Prayer

Lord, for the blessings of our daily lives, we give you thanks. By this food, strengthen us to serve others in the community through the many projects and programs of our Rotary Club. Enable us to continue to do good works. Amen.
