While the District Vision Facilitation Team will come prepared with everything needed to conduct the session, you are the critical connection to the local club in getting information back and forth between club leadership and the district team, and for making all the day-of arrangements for the location, meal, etc. You will work closely with the District Vision Coordinator and the Facilitation Team Leader to make sure all the details are in place and we are prepared for a fruitful and meaningful session.

- Arriving 30 minutes before the event starts to meet the Facilitation team, set the room up according to specifications, making sure there is a projector and it is working, etc. The scheduled start of the event is a hard start with a hard stop at no longer than 4 hours later so it is important this set up is done 30 minutes ahead of time.
