## Rotary Information

### Facts about Rotary Scholarships

The Rotary Foundation has a rich history of funding scholarships for undergraduate and graduate study in a wide range of academic fields. Clubs and district can create their own scholarships and fund them with district grants for any level of studies or with global grants for graduate studies in an area of focus.

### District Grant Scholarships

District grants can be used to sponsor secondary school, undergraduate and graduate students studying any subject, either locally or abroad. In addition, the scholarship may cover any length of time - from a six-week language training program to a year or more of university study. Districts may ask scholars to make presentations to local Rotary clubs and participate in Rotary service projects, but such involvement is not required.

### Global Grant Scholarships

Global grants support scholarships for graduate students studying abroad in one of the six Rotary areas of focus. Scholarships range from one to four years and, therefore, can include an entire degree program. Prospective scholars must show proof of admission to the chosen university before the grant will be approved. Global grant scholars are expected to participate in club or district activities before, during, and after the scholarship.

## The Four-Way Test

1. **Is it the truth?**
2. **Is it fair to all concerned?**
3. **Will it build goodwill and better friendships?**
4. **Will it be beneficial to all concerned?**
