The Morrow Community Foundation & BYOT

Jim and Peggie Morrow decided early in their relationship that they wanted to do something to give back to their community. Peggie was a middle school teacher for twenty years in Greenville, South Carolina and realized the financial struggles that many parents, schools and teachers face every year. Jim Morrow, embracing his "inner-geek," was an early devotee of computerized medical records and is a nationally recognized leader in health information technology. Living in an area where the school system has embraced a "Bring Your Own Technology" initiative, it was an easy decision for the Morrows to get involved in a fundraiser to focus on helping children have "Technology" who otherwise could not afford it. On Tuesday, April 14, 2015, don't miss this meeting of our Rotary Club as we hear from Peggie Morrow on this exciting endeavor.

Derby -- The Home Stretch

TOMORROW . . . as we enter the home stretch in this year's Down and Derby preparations please be in attendance because we are finalizing the plans to make this event an enormous success. YOU are an integral part of this event and we need YOU to be there on Tuesday, April 14, 2015 for an update on what is left to be done and how you can help.
