\$10 to End Polio Now!

August 25, 2014

Rotary International's goal of eradicating polio has never been closer, and the cost of one breakfast at our club can move us even nearer to that goal. That's why Rotarians around the world are donating the cost of one meeting meal to the End Polio Now! campaign. We started this effort in our club at the beginning of August and we are well on our way to completing our personal club goal. Don't forget to contribute the cost of one meal to rid the world of this horrid disease.

Think about this -- polio is almost gone -- once it is, what will Rotarians rid the World of next???

Rose Procter

August 25, 2014

On August 26, 2014, we will be joined by Rose Procter, the Director of the University of North Georgia's Center for Ethical Business Leadership. The Center facilitates learning and development in ethical business leadership in the North Georgia area through critical thinking, curriculum development, and continuing education. Rose Procter has made a career of establishing new programs and building partnerships, finding success everywhere she goes. As Rotarians, ethics in business leadership are and should be at the forefront of everything we do. Join us on Tuesday for this program that gets to the heart of what Rotary is all about.
