Forsyth County Extension

UGA Extension, founded in 1914, provides the latest in advice, research and training to all of the Counties in Georgia as part of an "extension" of our State's Flagship University. The scope of Extension services is broad, ranging from agriculture to consumer and family sciences. And of course, one of the greatest and most popular of the Extension's programs is "4-H" which, across the country, has more than six million participants. Heather N. Kolich is our Extension Agent for Forsyth County, and will share with us what Extension does and provides in our area, and how Extension can work for you.

Derby -- Let's keep it going . . .

Be on the lookout for specific goals and specific deadlines coming from your team leaders in the coming days. It's coming . . . we will be ready.

Mock Interviews

The Forsyth County School System is looking for leaders in our business community to participate in Mock Interviews of high school students. I will have a sign up sheet at tomorrow's meeting as our club has been assigned to South Forsyth. The dates for the interviews at South are March 24-26. Please check your calendar and try to make some time for this very worthy cause.
