2010 Council on Legislation: Noteworthy membership news

The Council on Legislation, Rotary's "parliament," meets every three years to deliberate and act upon all proposed enactments and resolutions submitted by clubs, district conferences, the General Council and Conference of Rotary International in Great Britain and Ireland, and the RI Board. Here are a few highlights from the 2010 Council:

- E-clubs became a permanent part of Rotary International.
- A fifth Avenue of Service was added: New Generations Service.
- Transferring and former Rotarians must obtain a certificate from the board of the previous club confirming the prospective member's prior membership in that club.
- No club may limit membership in the club on the basis of sexual orientation.
- The RI Board was requested — through a resolution — to consider proposing legislation to the next Council to create a new type of membership: satellite club membership.

Visit the RI website for more in-depth information on the results of the 2010 Council on Legislation.

Memorable Council leaves its mark on Rotary

Excerpts from RI News

Representatives to the 2010 Council on Legislation left Chicago having enacted a number of monumental measures that will make e-clubs a permanent part of Rotary International, create a fifth Avenue of Service for New Generations, increase the annual per capita dues that clubs pay to RI by US\$1, and give Rotarians in North America a choice of how they receive *The Rotarian*.

After years as part of a pilot project, e-clubs found a permanent home in Rotary. Representatives approved a measure that will allow up to two e-clubs per district, amended from just one per district. Proponents of the amendment argued that districts that use more than one language would be better served by more e-clubs. The measure defines e-clubs as Rotary clubs that meet through electronic communications. A handful of e-clubs have been operating as part of the pilot project set to end 30 June. Some of the pilot clubs meet solely through online forums, while others combine electronic with in-person meetings.

Representatives also voted to add a fifth Avenue of Service, New Generations, to the four that already exist: Club Service, Vocational Service, Community Service, and International Service. Before starting a project, Rotarians are asked to think broadly about how their club and its members can contribute within each avenue. Supporters of the fifth avenue feel it will encourage and recognize the positive change implemented by youth and young adults involved in leadership development efforts, service projects, and exchange programs.
