ANNIVERSARYS

What if we stopped thinking about Rotary as more than a collection of service clubs, and started thinking of Rotary as a global peace-building force?
During Rotary World Peace and Understanding Month in February, Rotarians in the four clubs in Frederick County will have an opportunity to Engage, Educate, and Empower to advance the universal goal of conflict resolution.
In a highly-interactive facilitated forum Rotarians will engage in dialogue aimed at learning and understanding cultural perspectives, educate around conflict resolution techniques, and empower to work for peace in our community.

What: Forum with Heavy Hors d'oeuvres and Libations
Where: Hodson Auditorium in Rosenstock Hall at Hood College
When: 6:00 PM on Thursday, February 18th
RSVP: www.RotaryWorldPeaceForum.eventbrite.com
