8:45 am **Welcome - District Governor R B Richey**
Training Overview - PDG Vanessa Ervin, DRFC

8:50 -
9:30 am **“Speed Dating for Rotarians and Grants”**
PDG Lee Dixon

TRF Grant “dates” with Grant experience are stationed around the room and each attendee of the Seminar gets to speed date each of the TRF Grant “dates” to discuss a particular project they have done and how they went about it. Every few minutes the bell rings and the group moves to the next TRF Grant “date” until they have visited each group/dates. This is a fast paced interactive session where each participant gets to ask up close and personal questions about grants.

9:30 -
10:30 am **“Polio: Countdown to History” - PDG Bernie Riedel**
A history of success. Why Rotary chose polio as its #1 priority. How Rotary united the world to eradicate polio. Where are we today in this fight and what it will take to finish the job.

D7730 PolioPlus Society - Jonathan Richmond

10:30 -
11:15 am **“How Public Image Affects The Rotary Foundation”**
PDG Brenda Shaw

The Public Image Team exists to give support to membership growth and maintenance and to The Rotary Foundation and its project, PolioPlus. During this presentation, Rotarians will learn how to find people in the community to give support to The Rotary Foundation projects, how to incorporate the community into the efforts to conquer polio and how to show club members in action. The new Rotary emphasis on People of Action will be explained and club members will make a calendar to involve Rotarians and community members in the polio campaigns.
