### Princess Trophy Winner!

Under the leadership of PDG Joseph Ramos, D5330, the 2018 Rotary Rose Parade Float Committee Float has **won the Princess Trophy** for most beautiful float under 35 feet.

If you look close enough at the picture you will see our very own District Governor, Raghada Khoury walking along side the

float, helping showcase the work of Rotary to millions of parade attendees and those watching around the world on TV.

District 5300 is proud of the hard work of hundreds of volunteers to bring the float to life in the last several days. This in collaboration with the sponsors that donated money through club dues and individual donations all played a key role in the success of this years committee and Princess Trophy win.

To learn more about what took place over the last few months leading up to the parade today, see the attached newsletter. For more pictures of the parade and the float visit the Rotary Rose Parade Float Committee webpage below.

After a few days of rest, the committee will be back in action and ready to start planning for next year.
