

ROTARY CLUB OF DERBY

Rotary around the world

Rotary's areas of focus.

Rotary clubs serve communities around the world, each with unique concerns and needs. Rotarians have continually adapted and improved the way they respond to those needs, taking on a broad range of service projects. The most successful and sustainable Rotary service tends to fall within one of the following six areas::

- ⇒ Peace and Conflict (prevention/resolution)
- ⇒ Disease prevention and treatment
- ⇒ Water and Sanitation
- ⇒ Maternal and Child Health
- ⇒ Basic Education and Literacy
- ⇒ Economic and Community Development

A Message from Ariel....

Wow! How fast time flies. It felt like it was just the other day I was asked if I would be willing to be President in 2013-2014, and now it begins. I want to first start by saying how honored I am to have the opportunity to lead this wonderful organization. I am sure that it will be a tremendous amount of work, but together we can do great things in the community of Derby. My vision this year is to continue to help the committees that we started last year evolve and work together. We got off to a great start with the committee retreat in the beginning of June and have some exciting plans for the club for this year. My heart has always been one that loves the service side of our club, and therefore believe that the toughest committee is our service projects committee. My belief is that all the other committees exist to help in many ways the service committee be successful. Not that the other committees are not important, on the contrary they are just as important if we are going to see the projects we want to complete run smoothly. I thank you for all of your hard work in advance, but most importantly I thank you for your friendships.
