World Polio Day Competition - Your club could win \$500!

World Polio Day, October 24th, was established by Rotary International to commemorate the birth of Jonas Salk, who led the team that developed the Polio vaccine.

The Polio virus is often spread through contaminated drinking water, so WASRAG is holding a competition to encourage clubs to recognize projects that are **Most Impactful** or **Most Innovative** in regards to improving the quality of water and/or awareness in your community. Use your imagination to find ways to educate your community on the importance of protecting its water sources. For more details go to [World Polio Day Competition](#).

Submit a brief description of your project, by Dec 1, 2019, to info@wasrag.org.

Who's going to be the next District Governor?

Once a year, clubs submit candidates to be considered to become District Governors. Nominations are not made by individuals, but by Rotary clubs. The District is a 501(c)(4) not-for-profit that exists for one purpose: to help support Rotary clubs. As such, the clubs submit members as candidates to be considered for the role of District Governor.

Serving as Governor is an incredible honor. Governors have the opportunity to make a difference, to be the inspiration, and to have a positive impact on fellow Rotary members. The relationships and the experiences one make as District Governor will last a lifetime.

Forms and detailed information will be forwarded to all the club Presidnets shortly.

For more information about the process "click" read more.

RFH Changes Name to Harvest Against Hunger
